NEW FOR '86

SPITFIRE'40

The Best Thing Since the Real Thing

More than just a flight simulator. It is a matter of life and death with you at the controls of one of the world's most versatile aircrafts. The cockpit has working dials, gauges and compass. Taking off, landing and flying based on the Mark I Supermarine Spitfire, right down to fuel pump problems actual pilots faced while diving!

With a choice of simulator and game scenarios, the game gives any number of players a chance to shoot down enemy aircraft. Your log records on a separate disk the number of kills and flight hours you've flown. Succeeding flights become tougher as your Spitfire demands more flying and fighting skill, providing a neverending challenge.

Comes with authentic Pilot's Notes, similar to those the RAF handed out to its pilots. You'll be flying one of the most memorable planes of World War II, with a little luck, a little skill, and by the seat of your pants. On disk for your Commodore® 64/128 computer, joystick required. \$35.00

MACBETH

Hero or Villain?

Separate text adventures, two with graphics, cover 4 different parts of Shakespeare's play. From young MacBeth, who must suppress the rehels in the service of his king and bring his name renown, to the murderous tyrant, trapped in his fiery castle with MacDuff on his trail

In between you help three witches assemble their evil brew ("Bubble, bubble, toil and trouble"); and (as Lady MacBeth), determine how to murder the king in his bed!

Each has a psychological program in which Will and you dive into the minds of Lord and Lady MacBeth, determining what motivated regicide and rebellion!

Top-quality documentation with easy-to-learn rules, the entire play from the 1623 First Folio, and extensive articles on the play, its history and interpretations of the characters Entertaining and educational, play for the ages, now available on disk for your Commodore® 64/128 computer. \$25.00

MISSION ON THUNDERHEAD

From the creator of Maxwell Manor comes an adventure bigger, more startling and deadlier, with two scenarios.

- Operation Tempest: Find the device needed to destroy the complex and free the human race.
- The Final Appeal. A planet-wide scavenger hunt, you must find the objects necessary to open the Freedom Gate and escape your fate.

A futuristic bivouac containing over 50 rooms and four mazes. One hundred variations, combined with nine skill levels, make each game a different challenge.

Available on disk (joystick required) for the Commodore® 64/128, Apple® II 64K and Atari 800, XL&XE \$25.00

We spend more on PRODUCT DEVELOPMENT than we make in PROFIT!

Just about anyone can design a game. Getting it to play right is the trick. We think we've done a better than admirable job in this department.

We go to great lengths to make sure a game plays right before releasing it for publication. Sometimes this gets our dealers mad at us . . . like when we announced the publication of ADVANCED SQUAD LEADER for 1984, and didn't deliver until December of '85. We put in 51/2 man-years of design, development and playtest time on that-which, we understand, is about 41/2 man-years longer than other companies take to crank out a new game.

This commitment to quality and play-value has been the hallmark of The Avalon Hill

Game Company for 28 years.

Design creativity and innovation is highly encouraged. Many of our designers have been with us longer than most game companies have been in business.

Once again, we're putting our reputation on the line. We eagerly await your reception of EMPIRES IN ARMS (\$35), a game of diplomacy and warfare during the Napoleonic era . . . STREETS OF FIRE (\$28), a deluxe ASL module featuring 10 new scenarios . . . 1830: RAILROADS & ROBBER BARONS (\$23), the drama, excitement and romance of railroad building KNIGHTS IN THE AIR (\$35), authentic recreation of WWI deadly air combat . . . GRIFFIN ISLAND (\$16), yet another in the growing series of RUNEQUEST role-playing modules . . . and DARK EMPEROR (\$19), a fantasy wargame encompassing diplomatic, magical and military factors.

See them on display NOW . . . at your favorite game shop.

Gentlemen, Start Your Engines!

FRANCE 1944

30019 Packed 6

July 1944. The Allies are ashore in strength following the successful D-Day invasions, but a ring of German steel has kept the crusading armies bottled up in a corner of the French countryside. Now the time has come to force a breakout, to begin the race across France and challenge the vaunted West Wall.

France 1944 takes you from that fateful July through March of 1945, simulating the entire Allied drive from the coast to the German frontier. Both the Allied and German players maneuver their Infantry corps and Armor divisions in a series of nine monthly turns — the Allies hoping to break German resistance, and the Germans trying desperately to stem the flood of US, British, Polish, Canadian, and French units.

A unique system of Movement Point expenditure allows units either to move or to attack by expending points. Only careful allotment of movement and attack commands will allow either player to move into an advantageous position and still be able to launch an offensive in the same phase. A turn sequence, based on supply point expenditure and random chit drawing, adds excitement and uncertainty to the game, and a system of initiative and reaction guarantees that — even if you are momentarily stopped by a badluck chit drawing — you will have the chance to hit back immediately after your opponent has gotten his licks in.

The vital importance of supply, particularly to the Allied cause, is handled quietly and efficiently through the use of Army headquarters. Each HQ, once activated by the expenditure of a supply point, simply designates the units it will command for the current phase, subject to a simple, no-exception command eligibility system. All you really need to do is keep a line of supply open to your rear areas, and keep your HQ's far enough forward to command.

An elegant system that offers vast tactical options and limitless replayability, France 1944 is specifically designed to challenge two players to a fast-playing evening of wargaming. Copious examples of play will help you to learn the game in minutes, and numerous displays and sumaries will have you set up and playing before you know it.

A thoroughly enjoyable gaming experience, France 1944 includes rules for movement, combat, supply, initiative, reaction, replacements, reinforcements, Allied air power, and special rules to simulate the effects of Operation Market-Garden and the Battle of the Bulge. In a word, France 1944 is the best wargaming buy you can find.

COMPONENTS

France 1944 comes complete with 130 playing pieces, rule booklet with two removable player displays, one 22" × 32" mapsheet, two 6-sided dice, and a counter storage tray.

MODERN NAVAL COMBAT IN THE NORTH ATLANTIC

30018 Packed 6 \$30.00

The explosion of the Harpoon SSM momentarily turns the black Arctic night into brilliant day. The Soviet carrier, Kiev, Itagship of the Red Banner Northern Fleet, has been seriously damaged in its island structure, but it is still operational. Screened by menacing Soviet attack submariners, Kiev continues south with its task force to sever the vital NATO shipping lanes to Europe. The US A6 intruder that launched the SSM at 60-mile distance returns to its parent carrier, U.S.S. Theodore Roosevell, with word that the Soviet fleet has passed the Greenland-Iceland-United Kingdom gap and is entering the North Atlantic. The new battle for the North Atlantic is about to begin.

A refinement of Victory Games' popular Sixth Fleet, 2nd Fleet lets you compare the strengths and weaknesses of the Soviet Red Banner Northern Fleet and the US Second Fleet and its NATO allies as they come in conflict over control of the North Atlantic and Arctic Oceans. Will NATO be able to withstand a determined Soviet advance into the North Atlantic, or will the combined might of the Soviet Navy and Air Force crush the alliance? Only you can determine which side will emerge triumphant.

The five Introductory Scenarios teach you the capabilities of your submarine, surface, and air units. Your mighty alroraft carriers must be protected in Task Forces from torpedo attacks by lurking submarines, from surface-to-surface missile attacks by enemy battle groups and air wings, and from bombing attacks by high-flying bandits. Once you detect the enemy, you close in with your Task Forces to give battle. Moving on to the four Intermediate Scenarios, you will learn to coordinate your three unit types in major conflicts between enemy fleets.

The Advanced Scenario shows you the whole scope of modern naval warfare. Your vital airfields and ports become subject to attack and may be invaded by enemy marine, parachute, and commando units. Political and random events can shatter your carefully planned campaign. Expected reinforcements may be delayed. The initial Soviet strategy for the war may suddenly escalate, leading you to World War 3. A logistics option limits the amount of ammunition and fuel your ships have available, and you must keep your fleet replenished or suffer disaster. Other optional rules cover tactical nuclear warfare, cruise missile attacks, minelaying and sweeping, close combat between surface combatants, and many other details that make 2nd Fleet the most realistic depiction of modern war at sea.

2nd Fleet comes complete with:

- Two 22" x32" mapsheets covering the North Atlantic and Arctic Oceans, from the Kola Peninsula in the Soviet Union to the southern tip of Greenland and across to the United Kingdom.
- 384 %-inch playing pieces, representing individual surface ships and submarines and squadrons of air units.
- · 260 1/2-inch markers.
- Rules booklet with a situation analysis of the Soviet and NATO strategies and abilities.
- . One Logistics Roster pad.
- . Two Deployment/Reinforcement Cards.
- Two Charts and Tables booklets.
- · One 10-sided die.
- . One counter storage tray.

More Question & Answer Cards for use with Trivial Pursuit

AND MANY OTHER SIMILAR TRIVIA GAMES

We have divided the complete set of Trivia Cards — 1,100 cards in all — that make up the GAME OF TRIVIA into 4 minipacks, each with 275 cards totalling 1,650 questions and answers. Because of the similarity in color-coding, these Q&A cards can be used with the TRIVIAL PURSUIT® game . . . and all other trivia games using the 6-color grouping system.

The GAME OF TRIVIA, by The Avalon Hill Game Company, was selected "best trivia game of the year based on its variety of questions and low ratio of arguable answers."... OMNI Magazine, December '84. And ... "Editors' Choice for Games 100 because it plays more like a true boardgame, and there's no reason why you can't use the questions for TRIVIAL PURSUIT®."... GAMES Magazine, November '84.

Magazines

THE AVALON HILL

Every bi-monthly issue is jammed full of articles on Avalon Hill games. Written by the AH staff or wargaming experts and enthusiasts, articles range from historical tie-ins and background events to strategy and tactics. Each issue usually has a SERIES REPLAY; a move by move recreation of a game between two expert players. There are also new product announcements, product reviews, and a contest that gives away over \$150 of merchandise each issue. In recent issues, there have been professional variants to certain games with special inserts containing new maps or counters. Finally, there is also a postage coupon in every issue, good for helping to pay the cost of a mail order.

No real hobby member can afford to be without a subscription to *THE GENERAL*. But if you're still not convinced, order a sample issue first (see current Parts List for cost). One look should be enough.

The nature of game publishing dictates that we prepare advertising literature (such as consumer ads and new product releases) many, many months in advance of scheduled release dates. Occasionally we aren't able to complete a new game by that advertised release date. Unforeseen design and production problems dictate a choice: rush into production anyhow, or hold off until the problems are corrected. We always choose the latter. We have been in business for more than 25 years and intend staying in business selling only the highest quality products. If you still have doubts, simply hold off ordering. If you order anyhow, please understand your doing so releases us from the Federal guidelines covering mail-order delays.
